

CHILD

Study

The CHILD study will follow 5,000 children from before birth to 5 years across Canada to investigate the factors that may play a role in the development of chronic diseases, including allergy and asthma.

CHILD

Are you pregnant?

Are you 18 or older?

Please contact the study coordinator at: 789-3978

If yes, you may be eligible to participate in a National Study of 5,000 children born in Canada

UNIVERSITY OF MANITOBA
